

Greetings from Observation Home and Children Home Gokulpur Jabalpur!

Hope u appreciate the New Year Cards prepared by our children at the Bal Ghar and the Juvenile Home Gokulpur Jabalpur with all the tender warmth of their souls!

As a nascent step each card is modestly priced so that children earn a small kitty along with a realization of their creativity and their self worth. May be we could take similar steps in other 'homes' all over the State which could evolve into cards for every season, candle making, carpentry and other such low priced input articles which could then be periodically displayed in 'fetes' or other platforms where children could get to show their varied skills.

Looking forward to inputs from you on measures which could be taken up in the following year.
