W.P.NO. 5891/2014 (PIL)

PETITIONER

RESPONDENTS

Registrar General and others.

**RESPONDENTS' RESPONSE TO THE PUBLIC INTEREST
LITIGATION**

The answering respondents, respectfully beg to submit as under:-

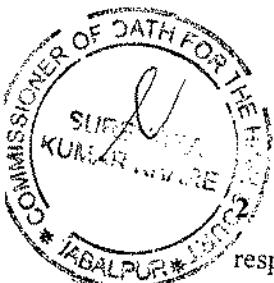

I. That, the petitioner in the instant writ petition has challenged the implementation of the Scheme dated 6.12.13 of rationalization of assignment of cases before the benches of the High Court of Madhya Pradesh. He has prayed for the following reliefs:-

"(i) Implementation of present scheme is question for rationalization of assignment of cases be recalled.

(ii) Present petition be allowed.

(iii) Any other relief(s) which this Hon'ble Court deems fit be also granted in the facts and circumstances of the case."

The answering respondents at the very outset respectfully submit that they are not considering this petition as an adversarial litigation but they are responding to the contents made in the petition so as to clarify the correct and factual aspects in the larger public interest. It may be seen that in the impugned scheme itself, a note is appended showing that the scheme is flexible and open to suitable modifications to address issues of stakeholders and

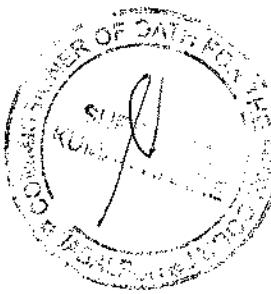

25 APR 2014

administrative exigency and operation by in-house customized auto-generated computer programme. The note which is appended at the end of the scheme is being reproduced as under:-

"Note :- The above scheme is flexible and open to suitable modifications to address issues of stakeholders and administrative exigency and operated by in-house customized auto-generated computer programme."

"Constitutional Mandate"

- (i) It is submitted that fair procedure and speedy justice are a part of fundamental rights under Article 14 & 21 of the Constitution of India respectively. It has been held in various judgments that "*justice delayed is justice denied*". It is also said that "*justice hurried is justice buried*". Therefore any attempt to do justice to the citizens involved in disputes must be neither hurried nor unduly delayed. It is in this background that the scheme in question is to be appreciated.
- (ii) The answering respondents respectfully submit that Article 39A in part IV (Directive Principles of State Policy) of the Constitution envisages that the State shall secure the operation of the legal system promoting justice, on the basis of equal opportunity, and shall, in particular, provide free legal aid, by suitable legislation or schemes or in any other way, to ensure that opportunities for securing justice are not denied to any citizen by reason of economic or other disabilities. The fundamental rights must be construed in the light of the Directive Principles of the State Policy. Any procedure which

15 APR 1995

in any manner leaves any scope for arbitrariness or violation of Article 14 of the Constitution cannot be regarded as a fair procedure.

- (iii) The Scheme has been introduced for strengthening the system by making it more responsive, transparent and for enhancing efficiency in docket Management for dispensing quality justice to the litigants. The Scheme is thus in accordance with the Constitutional mandate.

"Legal Provisions Regarding Roster"

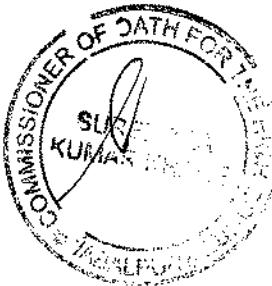

- (iv) It is a settled legal position that the Hon'ble Chief Justice is the Master of the Roster. This legal position has been accepted in various pronouncements of the different High Courts & the Supreme Court.
- (v) The scheme of Constitution of India in Chapter V, states that there shall be a High Court for each State (Article 214). Article 215 makes it a court of record and thus grants the High court power to punish for contempt. Article 216 states that "*Every High Court shall consist of a Chief Justice and such other Judges as the President may deem it necessary to appoint*". The spirit of Article 216 is that, every High Court shall consist of a Chief Justice, and without a Chief Justice, a High Court cannot be conceived. Appointment of *puisne* judges is in accordance with the necessity deemed fit by the President of India. Article 217 prescribes appointment and conditions of office of a Judge of the High Court. It states "where the *puisne* judges are to be appointed in the High Court, the Chief Justice of that High Court shall be consulted. Article 224 prescribes for appointment of Additional Judges, in this case also, the same procedure is adopted, i.e. consultation with the Chief

25 APR 2014

Justice of that High Court. As the High Court cannot be conceived without a Chief Justice, Clause (ii) of Article 223 requires appointment of an Acting Chief Justice, if the permanent Chief Justice is not available to perform his duties for more than 15 days. Article 225 gives power to the High Court to make its own rules, to regulate the sittings of the Court and of members thereof sitting alone or in a division bench. If these Articles are taken into consideration in their perspective discernible from their context, the position of a Chief Justice in a High Court is of an authority without whom the High Court cannot efficiently function. It is in this concept, that the Chief Justice is said to be the master of the roster, which has reference to creation of benches-single, division or full benches-and the distribution of work to each of them according to his choice. Article 235 is further referable, which prescribes the control over courts and courts subordinate thereto shall vest in the High Court. In this context, High Court means the full court (not Full Bench) meaning thereby that all judges of the High Court with Chief Justice at the top will function in the High Court. The Chief Justice is in all these concepts is the chief among equals subscribing to the maxim '*primus Inter pares*'.

- (vi) Chapter VI of the High Court of MP Rules, 2008 (hereinafter referred to as Rules of 2008) also deals with the Roster. It is specifically mentioned in Rule 1 of Chapter VI, that a Judge shall ordinarily sit singly or in a bench of two or more at the place of sitting (Jabalpur, Indore or Gwalior) assigned to him and dispose of civil and/ or criminal cases in accordance with the roster approved by the Chief Justice. Sub Rule 1 of Rule 3 of Chapter VI of the Rules of 2008 further makes it clear that the Roster shall be prepared by the Registrar in accordance with the directions of the Chief Justice.

25 APR 2014

- (vii) Sub-rule 1 of Rule 1 of Chapter XII of the Rules of 2008 titled "listing of cases" further makes it clear that the Registrar shall list the cases before benches in accordance with the provisions contained in this chapter and as per the directions of the Chief Justice. It is thus seen that the Rules of 2008 have been framed keeping in mind the settled legal position that the Hon'ble Chief Justice is the master of the Roster.

"Judicial Review of a Policy Decision"

- (viii) It is a settled legal position that the Judicial Review of any Policy decision is permissible only on limited ground. In this case no specific grounds are raised so as to call for any interference as the Policy in question has an object of securing the cause of common litigants. Any policy which does not violate any of the fundamental rights, legal rights or any other Statutory Provisions cannot be said to be reviewable, moreso, when the same is in the larger public interest.

"Operational Shortcomings of earlier scheme"

A-Non listing of cases for long time: -

- (ix) In earlier Roster system the allocation of work was made to the Hon'ble Judges on the basis of case wise classification. The experience showed that the earlier system resulted in huge accumulation of even fresh cases in a particular bench. The proposals for fresh cases sometimes remained pending before the Hon'ble Courts for months together. The cases which were to be listed in a particular week were not listed in that week, sometimes even for months together. There are certain cases where the proposals remained pending for more than 17 months. This caused discontentment among the litigants and the lawyers who were complaining every now and then in regard to non listing of cases. The answering respondents are filing a copy of Roster which was earlier prepared while allocating the work to the hon'ble benches as Annexure R- 1.

25 APR 2014

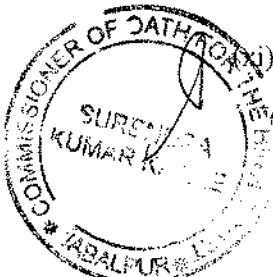

After implementation of the schemes/roster/assignment of cases has been changed. A copy of Roster/Assignment for the Principal Seat at Jabalpur dtd. 17/4/2014 is being filed herewith as Annexure R/2.

- (x) That, it was experienced that despite cases which were due for listing according to their respective stage, but, the same were not getting listed, in some cases upto 17 months. The statement of pending proposals of motion hearing cases of division bench is being filed as a separate annexure but some of the figures are being extracted below for reference-

Division Bench – Pending proposals status as on 2.12.13

(1)	(2)	(3)	(4)
Sl. No.	Category of cases	The date from which the proposal for listing was pending in which there were court orders to list after 1/2/3 weeks but case was not listed till 2.12.13	The date from which proposals were pending for listing After notice/ Regular cases.

3.	Writ Appeals	08.02.2013	04.07.2012

Similar is the position for the single bench cases also. If we summarize the dates from which proposals remained pending on the basis of the statement of pending proposals, the following fact emerges which is shown in the chart as under :-

Single Bench pending proposals status as on 2.12.13

(1)	(2)	(3)	(4)

Copies of statements showing the pending proposals of cases of division benches and single bench cases are being filed herewith as Annexure R-3 & Annexure R-4 respectively.

- (xii) The situation of pre-admission cases in the High Court of Madhya Pradesh was very pathetic. The oldest Pre-admission matter bench-wise with total Pendency of Pre-admission cases can be mentioned from the following table –

"Oldest Pending and Total Pre-admission cases"

(1)	(2)	(3)
Name of the hon'ble bench	Oldest case pending (from the year)	Total No. of pre-admission cases pending as on 15.4.14

Bench at Gwalior	From 1995- onwards	27342

Out of total Pre admission cases, the brake-up of the same is as under:

A copy of the chart showing the nature and year wise pre-admission pendency of the respective benches are being collectively filed herewith as Annexure R-5.

(xiii) That sometimes the freshly filed cases were listed in motion hearing even after two months of filing. The case number, their date of filing & the first date of listing are being shown as under to show the long duration between date of filing of case and date of first listing:-

"Fresh filing cases – delay in listing"

(xiv) It can be seen that there were various instances where the cases were not listed for subsequent hearing for 8-10 years. A chart showing certain examples of such cases is as follows –

"Subsequent Listing – Delay in listing"

(1)		(2)	(3)	(4)	(5)
Sl. No.	Bench	Case No.	Earlier Listing date	Subsequent Listing date	Time gap between (3) and (4)

5		CRR/582/2000	21/03/2005	24/02/2014	11 Yrs

There are around 726 cases till 22/4/2014 which have been listed after 8-10 years under the new scheme and have also been disposed of. A copy of list of such cases are being filed herewith as Annexure R/ 6.

(xv) It may also be seen that, the lists of Final Hearing cases also remained pending for months together and no hearing could take place on account of not attending the matters in the right earnest. Thus on one hand the cases listed for final hearing remained undecided and on the other no one could lay his hand on such cases due to compulsion of daily cause list. The answering respondents submit, the case numbers and the dates on which they were first time listed for final hearing and remained in list upto a particular date but on account of one or the other reason they could not be taken up.

Copies of the statements showing examples of case number & days taken for disposal in M.Cr.C Bail Petitions at Main Seat at Jabalpur, Bench and Indore and Bench at Gwalior in the month of January, 2013 are being collectively filed herewith as **Annexure R-7.**

- B. **Imbalanced Work-Flow:** There was no rationalization with respect to work load (i.e. demand on the system) and staffing capacity at various process stages. This resulted into a growing mismatch between demand and supply depicting in the number of case application pending in the Process Stage itself.

125 APR 2014

C. **Lack of Scientific Basis to allocate work:** There was no scientific basis for allocating the cases to the Hon'ble Benches and the same was based on ad-hock and thumb-rule.

D. **Standard Completion Time:** There was no measure of standard completion time in Process Steps like filing, verification, listing etc. This resulted in poor work-efficiency as there was complete absence of any reference measure.

3. The aforesaid background of earlier system has been mentioned so as to understand the acute need to evolve a policy to deal with the situation. The aims of the Scheme are to tackle the problems of docket explosion, , streamlining the listing procedure and for better court management, for ensuring effective disposal, transparency, accountability and consistency to make it litigant and lawyer friendly and to serve the aspirations of the stakeholders.

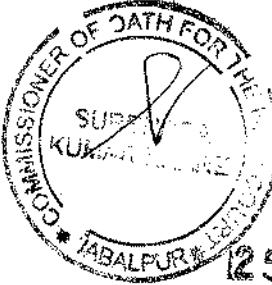

4. In the new scheme following main aspects can be noticed so as to understand the advantage of the same.

After new scheme All Pre-admission cases are assigned a particular date for their listing –

(i) In the new scheme all Pre-admission cases have been assigned a Particular date of listing. This assurance of carrying a particular date in all Pre- admitted cases, was not earlier available and if a date is not fixed by the Court order, the same will be automatically generated by the computer.

“Rotation of all cases”

(ii) Almost all Pre-admission cases have been rotated while listing them before the hon'ble benches with an idea to ensure that all cases be assigned a date. The idea is to streamline the cases for future purposes. It was experienced at the initial level of implementation of scheme that more than 100 cases were being listed before a particular bench but at present it is seen that

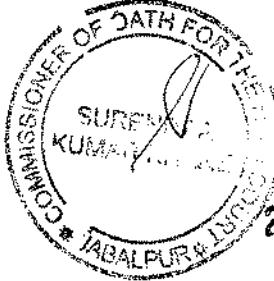

number of main cases before a particular bench in the main list is restricted upto maximum of 100.

"Equal Distribution of work amongst Judges"

- (iii) The work load has also been equally distributed amongst the available judges on day-to-day basis with the distribution of work load equally. The allocation of cases is also done by the computer in order of seniority and chronologically. It is submitted that if before a particular bench, the cases remained not reached, the same be equally distributed during the next week to all the available judges, if the same is a fresh case and in available slots if the same is other than fresh cases.
- (iv) The possibility of backlog has been reduced to zero level, on account of equal distribution of work among judges. Earlier there was no rationalized Scheme of cases distributed equally amongst the available judges.
- (v) The auto-generated program has been designed to address the relevant urgency of different types of cases as per Court policy.
- (vi) The returnable dates are notified on the High court official website in the case status of that case as also in the cause list for the information of the litigants and lawyers.

"Advance draft daily list for the entire week"

- (vii) The advance draft daily list for the entire week is also published on the previous working Friday. It is only fresh, urgent/left over cases required to be listed on the next day after preparation of daily list which are included in the supplementary list and the said supplementary list also indicates the serial number when the matters, included in the supplementary list, are to be called out for hearing. A copy of the complete draft daily list of the following week starting from Monday to Friday is already made available on the last

working day of the previous week. For example, the answering respondents separately submit the Compilation of cause lists of all the benches of one division bench and one single bench each to show that on the last working day of the week, the entire draft daily list is published for the following week. The said compilation is separately submitted and the same be treated as part of this return. The same is marked as **Compilation No. 1**. This shows that for all benches the daily Board of one week in advance is ready and published in the official website. This list was made available on 17.4.14 for the following week from 21/4/14 to 25/4/14. A copy of supplementary list dated 21.4.14 has also been enclosed along with the said compilation, which specifically contains the note with the serial number when the matters, are included in the supplementary list, will be called out for hearing.

- (viii) However, it has been specifically directed that only one Supplementary list is published and the same should be latest by 7 PM of a previous date. Perhaps on account of non-publication of the note appended to the Supplementary list in the Cause-list supplied by the Association to its members, certain queries were raised by the advocates regarding their confusion as to how after a particular category cases, the cases of supplementary list are being taken up. This goes to show that if the same note is published by the Bar Association in its lists, there will be no confusion amongst the advocates as to when the cases of the Supplementary list will be taken up for hearing. A copy of the cause-list dated 22/4/2014 published/circulated by Bar Association, Jabalpur not showing the supplementary list note is being filed herewith as **Annexure R/8**. Now Bar Association has started publishing note therefore, this problem has come to an end. (**Annexure-R/9**).

"Motion Hearing Cases are listed under different heads in order of preference"

Manner of allotment of cases

- (ix) The allotment of cases is done in a scientific manner. All the Dealing Assistants update their cases which are shown in the pool of cases available for listing. In the computer module window following fields are displayed:-
 - (a) heads of case- for example: top of the list, settlement, direction matters etc.
 - (b) Purpose of listing- for example: personal appearance, bail, etc.
 - (c) Case Type- for example: Arbitration Appeal, company case, writ petition etc.

Once the pool of cases is created, entries are made as per the assignment and the computer automatically allocates the cases to all available benches and it is possible to see that how many cases, of which type have been allotted to respective bench/benches. Copy of screen shot for allotment of cases in the benches module software is being filed herewith as **Annexure R/10.**

- (x) In the present scheme, the motion hearing cases are now listed every day under separate heads of cases and the heads are also prepared in the order of precedence which has a reasonable logic behind it. The following heads are created:-
 - (A) Common conditional order -Now Common orders
 - (B) Settlement
 - (C) Personal Appearance
 - (D) Bail Matters:-
 - (i) Bail Application u/s 438 Cr.P.C.
 - (ii) Bail Application u/s 439 Cr.P.C.
 - (iii) Suspension of sentence u/s 389 Cr.P.C.
 - (E) Direction matters
 - (F) Orders
 - (G) Top of the list (for Admission)
 - (H) Fresh (for Admission)
 - (I) After notice (for Admission)
 - (J) Final disposal at Admission Stage.

25 APR 2014

- (xi) Under the head of common conditional orders, the cases, having certain defects, as were pointed out by the Registry but, the defects were not cured, are required to be listed. It may kindly be appreciated that on the representation received from the Bar Association, at present no common conditional orders are passed and only common orders are passed. Thus cases in default are not dismissed for non compliance of the Order in the first instance itself by peremptory Order and one opportunity is given to cure the default. The specimen copy of the common conditional order is filed herewith as Annexure R11 and specimen copy of the common order is filed herewith as Annexure R-12.

The following advantages of the common conditional order/common orders may be seen

- a) The common order saves very precious time of the Court. The default cases were being listed before the hon'ble benches and it was common experience that all hon'ble benches had to spend around 20-30 minutes dealing with the default cases. Normally there are about 25 to 30 benches in a day in all three seats. If we consider 15 minutes average time being consumed by each bench, we can understand that while passing the common orders within less than 5 minutes, the working time of $15 \times 25 = 375$ minutes = 6.25 hours is reduced to less than 5 minutes. This indicates that the working time of Hon'ble bench which is highly precious, can be saved and effectively the working time of more than one Hon'ble Judge can be contributed to decide cases, meaning thereby, without there being any actual increase in strength of Judges, the scheme adopted gives a result equal to the increase of strength of judges.

25 APR 2014

- b) It has been experienced that in cases being disposed by common order, the pendency was on account of various reasons and steps were not being taken to bring these cases into the mainstream by removing default and forwarding these cases to the next stage. It has been seen that the oldest cases, which have been listed for common orders were of the year 1994 FA-12/1994 Jabalpur and after listing of the same for common conditional orders, the default had been removed and same is proceeded for subsequent stage. There are various other cases which were instituted many years back but, on account of carrying certain defects they were not being proceeded with but, by virtue of common conditional orders/ common orders, defects have been removed and these cases have been proceeded with. It is submitted that on account of common conditional orders w.e.f 9-12-2013 till date 15128 cases were listed and out of total 15128 cases which were listed in common conditional order cases, the defects have been removed in 3641 case by the respective Advocates/ the parties, however, in 2448 cases, defects could not be removed and in that case resulted in dismissal.
- c) It may be seen that out of 2448 dismissal cases, on account of common conditional order only in 170 cases, applications for restoration of the cases have been filed, which fact further goes to show that the cases which have been dismissed on account of non-compliance of the common conditional order, were unnecessarily increasing figures of the pending cases as the parties of those cases were not interested in prosecuting the same. Had that not been so, the defects would have either been removed or a MCC would have been filed. Non Filing of MCCs further goes to show that the parties have lost their interest in prosecuting those cases.

Fresh Cases Listing on 3/5 working days”

- (xii) That, a new system programme has been designed which is known as “**Case Management Information System” (CMIS)** so as to automatically list cases before the Hon’ble Court immediately on the 3rd working day from the date of filing of case, if the cases do not contain any default. However, in case of any default, the matter is listed on 3rd working day from the date of removal of the defects. As is apparent from the pleadings made in the preceding paragraphs that earlier, the fresh cases were not being listed for months together but the new Scheme ensures the listing of the cases on 3rd working day, if there is no defect in the cases.
- (xiii) The answering respondents are mentioning the case numbers of 15 cases which were filed on a particular date and were automatically listed on the 3rd working day without their being any mention.

So far as the bail applications are concerned, it may be seen that bail applications, either under Section 438 or Section 439 of Cr.P.C., are being listed for hearing on 5th working day after filing, if there is no defect in the same. A copy of the order dated 17-01-2014 clarifying this aspect is also placed on record at appropriate place.

(xiv) The answering respondents have respectfully filed copies of 5 orders each passed by the Principal Seat at Jabalpur, the Bench at Indore and the Bench at Gwalior, to show that within 5 working days the bail applications under Sections 438 or 439 of Cr.P.C have been decided by the Hon'ble Court. Copies of the statements showing the list of all disposed bail applications from 1/4/2014 to 22/4/2014 at all benches are being collectively filed herewith as Annexure R/13.

“Transparency, Efficiency & Scheme is in Public Domain”

(xv) It may also be appreciated that the New System has been evolved so as to ensure the maximum transparency and efficiency in the system and in order to effectively maintain the accountability, transparency and consistency, the Advocate/Litigant is immediately informed about the defect, if any, noted by the checker after he has checked the file. The SMS of cases where no defects are pointed out are also being sent. The said information is given through SMS on mobile Number given by the petitioners/applicants/Advocates. The answering respondents respectfully submit specimen copy of SMS Format which is being immediately given to the respective Advocate/Litigant as Annexure R-14. For example, answering respondents are also mentioning the date of filing, date of checking and SMS timing being sent on the given mobile number in a chart extracted below:-

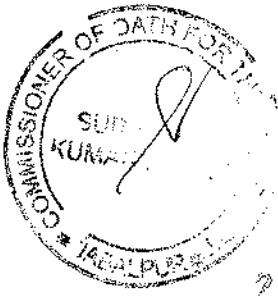

SMS – Information Details

Sl. No.	Bench	Case No.	Date of filing and time	Date of checking & SMS timing

25 APR 2014

- (xvi) It may also be seen that till date the answering respondents have sent 17935 SMS to respective Advocates/Litigants. It is submitted that immediately after the defect is removed with the click of OK button and with minimum human intervention, the case is ready for listing and the same automatically comes in the listing pool and is listed before the Hon'ble Court on 3rd working day.
- (xvii) That on account of listing pattern of new scheme, it has helped save the precious time of the Court by adopting an orderly listing pattern. It means that the old system is being improved so as to be more positive result-yielding.
- (xviii) The auto-generated listing of cases ensures quality and credibility to the institution and brings professionalism instead of ad-hoc-ism. This system has put an end to any kind of possible malpractice as far as possible and, therefore, at the very outset, it has been stated that an endeavour has been made to improvise the maximum possible working time of the Hon'ble Courts and the staff with the help of technology. The human intervention has also been reduced to the greatest possible extent which also reduces the possibility of any intervention or deviation from the consistency which is tried to be ensured by new System.
- (xix) Under the aforesaid circumstances, it can be seen that the listing process is now being done with minimum human intervention and as per the case management information system which is mostly run automatically according to the features which have been indicated in the preceding paragraphs. The entries which were earlier made manually had some scope of manipulation and machinations. Now the benches which are assigned specific category of cases are selected and as soon as the entries are made in the system regarding case to be listed before each bench, the computer starts allotting cases from the oldest to the most recent ones *ad-*

25 APR 2014

seriatim to the Hon'ble benches. Thus, distribution of cases is being made without any manual intervention. The time taken for preparation of lists has also been reduced.

"Time saved in mentioning cases"

- (xx) The lawyers used to face difficulty in getting their cases listed even for the first time before the Hon'ble Courts. It was the erstwhile practice that at times, without court slip/ mention memo fresh cases were not being listed for days/month together. Under the new scheme cases are listed on 3rd/5th day, if it is fresh case and if there is no default. Automatic listing of cases on 3rd working day has also reduced the submissions of mention memos before the Hon'ble Court as earlier mention memos were mainly for the fresh cases. It was experienced that most of mention memos were mentioned before all the benches of the Hon'ble Court for quick listing of freshly filed cases which are now getting listed without being mentioned. Now the freshly filed cases are listed on 3rd working day from the date of curing of default thereby reducing the mentioning in the freshly filed case to great extent. It was common experience that all the hon'ble benches had to spend 20-30 minutes dealing with mention cases. If we consider 15 minutes average time being consumed by each bench, we can understand that by now the division bench no.1 at the 3 benches hearing the mention memos, the working time of $15 \times 22 = 330$ minutes = 5.30 hours is saved. Thus the working time of one hon'ble judge can be saved and effectively increased.

"Final Hearing Cases – Listing Pattern & Advantages"

- (xxi) So far as final hearing cases and their listing pattern is concerned, it may kindly be seen that they have also been categorized in different categories and prioritized as per nature of the cases. The categorization of final hearing cases of

25 APR 2014

division bench & single bench are being filed herewith as Annexure R-15 & R-16 respectively. The cases are listed in order of their category-wise seniority and all these cases, category-wise are ported in the official website in quarterly list.

(xxii) The Registry under the new scheme prepares the Quarterly List of Final Hearing Cases which includes all ripe case due for final hearing. This list is also in public domain. From the Quarterly List of Final Hearing Cases, in proportion of pendency of prioritized category, the cases are selected strictly in order of seniority and listed in *seriatim*. To demonstrate this an extract of quarterly list of all Benches i.e. Division Bench and Single Bench and Final Hearing List of all Benches is being filed as Compilation No.2

(xxiii) It is submitted that from the quarterly-list of cases, the weekly-list of cases is prepared and listing of weekly cases is rationalized and every prioritized category amongst prioritized categories is represented in the weekly list by *inter se* ratio which is derived from the number of cases under each prioritized cases. The cases are listed in the given ratio chronologically. In the Computer Programme, if a cases which is older than the oldest case which is listed is left out from listing for final hearing, it will be identified by the Computer Programme and will be listed under caption "Orders" before the Hon'ble Court so that case may be ripened for placement in the final hearing category.

(xxiv) Further, it may be seen that under the assignment/roster itself at point no. 6, it is stated that the Advocates and parties may mention any matter left out in the hearing list which is older than the oldest of the same category of cases, listed in the hearing list, before the Registrar Judicial-II from 10:30 AM - 11:30 AM on any working day for inclusion in the quarterly list. It is also mentioned at point No. 7 of the note under new scheme that if any final hearing case fits in two or more

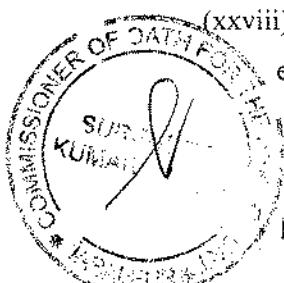

category of priority category, then order be sought from the Registrar Judicial-II to include it in the category where it would get priority if not properly positioned in the list already notified by the Registry.

(xxv) That, it may also be seen that there is provision in the Software to rotate category of cases, notified in weekly list to give equal representation and opportunities to all the prioritized categories. In every week the category-wise order of precedence is interchanging so as to ensure that all categories of cases are listed in orderly manner.

(xxvi) It may also be seen that at the time of preparation of final hearing cases, the dynamic programme is frozen for $\frac{1}{2}$ hour so that the list is prepared chronologically and after preparation of list, the dynamic programme is restored. The freezing is done during preparation of final hearing list because if a case is updated during this period, which is older than the oldest case already in the list, it may result in disturbing the listing process. The whole programme is Auto-generated and dynamic and as soon as updation is made, the cases automatically show up in the category to which they belong and have their appropriate places as per their chronological order.

(xxvii) This scientific listing of the categories as per their priority is key to ensure speedy justice. The whole system is to serve the needs of the litigants and there cannot be a case where the person who comes first in the Court goes at the last or otherwise. The Scheme is to ensure that the person who comes first in the Court should go out first and this motto be achieved in a very professional manner. This reduces the arbitrariness and discrimination in the matter of disposal of cases.

(xxviii) The new system of listing of final hearing cases will enhance the credibility of the system and will reinforce the

25 APR 2014

faith in the litigants of all categories and no one will remain unnoticed.

"Admitted but not ripe for listing cases"

It is now advantageous to check cases under this category to identify as to why the matter does not find place in the quarterly list. Under this category the litigant/lawyer can expedite the case by taking steps that are required to be taken at his end.

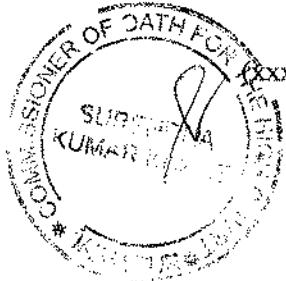

"Impact of New Scheme on Dealing Assistants"

(xxix) In the earlier system the respective DAs used to send the proposals to the Computer Section/cause-list and on the basis of such proposals received from respective DAs, the Section In-charge of the cause list section used to prepare the list on the basis of his understanding of the urgency of cases. This earlier system used to leave many cases un-listed as has been stated in the preceding paragraphs. The allocation of the cases is not category wise but the same is now subject wise, i.e. mainly civil and criminal. The lists were earlier prepared by the cause list officials of the respective benches but in new system the entire lists are prepared at main Server in the Principal Seat at Jabalpur within 30 minutes for all the three Benches.

(xxx) That the Dealing Assistants are also comfortable with the new system. In the new system they have been assigned work of updating the cases as per computer programme. Assigned work is shown every day on their computer screen in the form of three lists shown in three colours. First is shown in Red colour, second is shown in Orange colour and the third is shown in Green Colour which is displayed in the screen as under -

Red	Orange	Green
.....

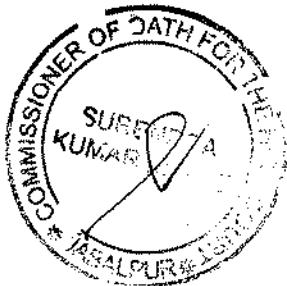

(xxxi) The cases shown in Red colour are to be updated by the Dealing Assistants on that very date. The cases shown in

25 APR 2014

Orange colour are to be updated in a week. The cases shown in Green colour are updated cases not to be dealt by the Dealing Assistants. As soon as the Dealing Assistant updates a case from the list shown in Red or Orange colour, it automatically shifts to the list shown in Green colour. A copy of the cases shown in Red Colour of Dealing Assistant dated 21.4.14 is filed herewith as Annexure R-17. A copy of the list of same Dealing Assistant of his cases shown in Red category Colour dated 22.04.14 is filed herewith as Annexure R-18. This shows that the cases which are updated during this period are reduced from the Red category cases. Once dealing assistants have updated the red colour cases, the Red Colour case column shows reduced pendency and all his red colour cases automatically go to the green colour category. A copy of the print out of his Orange category cases dated 23.04.14 is filed herewith as Annexure R-19, and print out of Green colour category cases is being filed herewith as Annexure R-20, which clearly shows that his Red colour cases of the previous dates are now being shown in Green Colour category cases. Similar is the situation with the Orange colour. The moment he updates the Orange colour category cases, the same go to the Green colour category cases and in the seniority of the cases, takes its place chronologically. This system facilitates the dealing assistants to understand the relative urgency of the cases pending before them and they are not required to be called for any immediate updation as they are well in advance informed as to what the task is and which is to be fulfilled by them within how much period of time.

- (xxxii) It may also be seen that immediately after an order is passed by the hon'ble bench, the respective readers of the hon'ble court make entry in their system that a particular matter is to be listed either on a particular date or after a particular

25 APR 2014

week, in any case the concerned reader is required to enter information in the Reader's module and the auto-generated system immediately reflects a date. The moment any date is reflected in the system the matter goes to the dealing assistant's system and the dealing assistant is then required to update the matter within the available time and if he does not make the updation within the available time then in that case just before two days of the allotted time, the matter automatically goes from orange colour to red colour. Thus the urgency of case updation is decided.

- (xxxiii) Another important check in the system is, if a dealing assistant fails to update cases shown in red colour, the section officer, Dy. Registrar, Registrar & Registrar General at 3 PM, 4 PM, 4:30 PM & 5 PM respectively get alerts and the Officers/ Registrars, Registrar General can take action as to why the Red category cases have not been updated. This ensures effective monitoring and accountability at every level.
- (xxxiv) That, on account of the new scheme and the auto-generated dates, the listing of fresh cases on 3rd/5th day, the formation of the Board of final hearing on priority/seniority- wise will themselves reduce the grievance of the advocates and litigants to a great extent. In the new system the things have been designed in a way to take care of all category of litigants. The entire system is being designed which has to result in minimum queries/questions and now the dealing assistants are saving their time and utilizing it for enhancing their working abilities and improvising their capabilities which were earlier being consumed in attending the litigants and lawyers and answering their queries.
- (xxxv) All the dealing assistants have been imparted intensive training and refresher courses have been conducted from time to time. The dealing assistants in particular and rest of

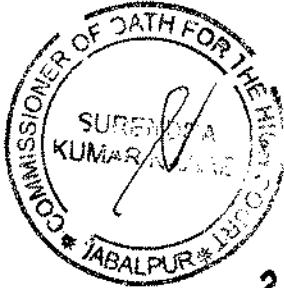

25.02.2016

the staff in general are now geared up to deliver to their optimum and in a relaxed manner.

"Success of the Scheme – till date"

- (xxxvi) It be seen that the Scheme dated 6-12-2013 was made effective from 9-12-2013. It may kindly be seen that the National Informatics Centre (NIC) was the In-charge of the entire computer and information technology system of the High Court. However, with the help of I.T. team of the High Court the in-house system, i.e., known as Case Management Information System has been evolved and the list is prepared by the Case Management Information System w.e.f. 3-2-2014. There were certain difficulties with the NIC as the queries which were being placed before the NIC the same were not being followed up immediately. Therefore, from 3-2-14 the said task is being done through CMIS which is operated by the I.T. team of the High Court. The transition phase always goes through teething problem and so was the case in implementation of this new scheme. Even during this transition phase, of first quarter, i.e., from 1-1-14 to 31-3-14, if the disposal of cases is compared with the first quarter of 2013 the results themselves speak for the more achievements of the new scheme.
- (xxxvii) The system is based on auto generation of dates by computer on the basis of proper updation by Readers/D.As. Now the old system of the listing of cases on the proposal given by the D.As is replaced by the listing on the basis of computer programme which gets its inputs directly from remarks updated in every case by the Readers/D.As. Regular updation is the backbone of the entire system. The net result of the new scheme in effective disposal of cases and it can be seen while comparing the disposal of cases in first quarter of 2013 and in the first quarter of 2014. It is submitted that disposal ratio of the entire High Court is

25 APR 2014

increased considerably and average disposal per Judge, per month has gone up from 281 to 378 in first quarter of 2014.

(xxxviii) The comparative analysis of disposal of cases of all three Benches is being shown in the following chart-

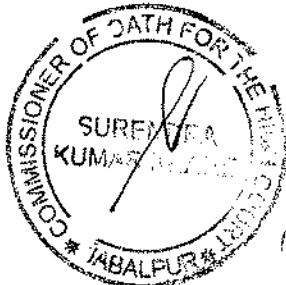

ANALYSIS OF CASE APPLICATIONS DISPOSAL:

A copy of the statement showing the month-wise institution/disposal and pendency of cases for the year 2013 first quarter and statement showing month-wise institution/disposal and pendency of cases for first quarter

25 APR 2014

of the year 2014 is being filed herewith as Annexure-R-21.

- (xxxix) The comparative statement shows that in the first quarter of 2014, the Judges strength remained the same, i.e., 32 and the disposal ratio per Judge per month has gone up from 281 to 378. In the first quarter the scheme was in transitional phase. The increase in disposal of about 25% cases is tremendous success which cannot be ignored by considering the entire matter. Figures speak for themselves. The entire information, scheme, results, etc. are in public domain which has made the system transparent and accessible to all. It may also be seen that every grievance received from all corners have been considered at an appropriate level. The system has high security feature, even the persons/officers dealing with the system cannot tamper with it. Under the aforesaid circumstances the petition appears to be pre-mature. The Petition at this stage deserves to be dismissed for the explanations given above.
- (xl) The High Court has requested Indian Institute of Management, Indore for concept analysis of the new scheme and opinion was sought for performance analysis and capacity building in the new scheme. Indian Institute of Management, Indore has submitted its report. The respondents are allowed to refer the said report as part of this response. The same is being filed herewith as Annexure-22.

However, para-wise reply is being given as under:

Para-wise Reply

1. Reply to para 1

- (i) It is specifically denied that by implementation of the scheme dated 6-12-13 the functioning of all the vital parts of the judicial system of the High Court, i.e., the Registry, lawyers and Hon'ble Judges has been changed without evaluating its

25 APR 2016

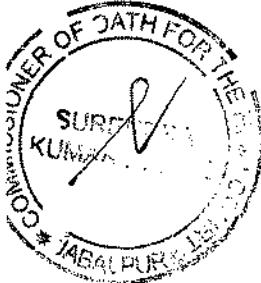

advantage and disadvantage and assessing the problems to all the persons concerned. It is submitted that the scheme has been put into place after considering various relevant factors having bearing on the implementation of the scheme. The advantages/disadvantages of the erstwhile prevailing system and the current system have been evaluated from various angles. The employees of the Registry have also been consulted and the note appended to the scheme clearly shows that the same is flexible and subject to the appropriate change. If any appropriate suggestion is received the same will be considered without any doubt. After implementation of the Scheme, various suggestions have also been accepted and few changes on the basis of experience have also been made. A complete copy of the scheme with all amendments made therein till 22/4/2014 is being filed herewith as Annexure R-23. It is submitted that the scheme was discussed at length in various meetings of the Registry officials at Principal Seat and at the Benches at Indore and Gwalior. The officials of the Registry from the highest to lowest cadres were consulted and asked to give their view/opinion/suggestions to make the Scheme effective, foolproof and litigant-friendly. It is perhaps the result of such consultation process and the application of mind that the positive results are coming forward as evidence of the success of the scheme. The Registry has become much strong and much resourceful after the scheme in question has been implemented. The Registry was earlier facing so many problems not only from the litigants but there were no mechanism to immediately redress the grievance, as no fixed system was in application. It is submitted that the scheme takes care of all relevant issues/problems of the employees of the Registry, lawyers and the Hon'ble Judges and litigants as well. The Registry officials have been provided with a user-friendly customized computer software by which the

25 APR 2014

information relating to cases can be retrieved and the status of cases can be upgraded at the click of mouse. Earlier it was done manually at multiple levels leading to duplicity of work and consuming of a lot of time. The scheme also enables the employees of the Registry to effectively check and track/upgrade the status of cases.

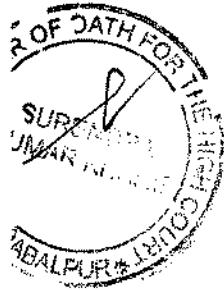

- (ii) From the point of view of lawyers the scheme is helpful, because under the new scheme they are not required to run from pillar to post for getting their cases listed before the Court. A scientific and logical automated computer system ensures listing of the cases in logical manner without leaving scope for any arbitrariness. The listing of cases on 3rd/5th day, if there is no default, is most substantial benefit to which lawyers/litigants were earlier clamouring.
- (iii) It may also be seen that under the erstwhile scheme particular type of cases were heard before the particular bench, but under the current scheme all types of cases are being listed before each bench which enables it to deal simple as well as complicated cases. Lawyers now have list of cases coming up in the next week on previous Friday and thus can prepare their cases at their convenience.
- (iv) It may be seen that so far as litigants are concerned, they are the biggest gainers, for the reason that their pre admission cases as well as final hearing cases are in process and they are being placed in appropriate category for listing before the appropriate bench according to their category/seniority. The system is transparently framed that if the advocates who are on adjustment on a particular date their names and dates of adjustment are also reflected on the daily board. The statistical details as has already been annexed along with reply is testimony to the fact that pre admission cases were pending even for more than 10 years and they were not listed. After application of the new scheme such cases are being listed before the Hon'ble Court.

25 APR 2014

The Registry officers have now access to each and every detail regarding a case which enables them to have a close vision and control with the entire process, which was not possible in the erstwhile Scheme because of lack of software tools. Under the new scheme Registry officers have access to daily diary of dealing assistants and are able to see as to how-many cases of a particular dealing assistants have been dealt with on a particular date. A copy of the daily diary of dealing assistant number 6 Writ Branch, dated 25-04-2014 is filed herewith as Annexure R-24 which shows that on this particular date the DA dealt with the cases which are reflected in his daily diary Under the new scheme, pre admission cases have already been allotted a particular date and the last date which has been allotted to the pre admission is 27.07.14. It is, therefore, specifically denied that many problems have arisen with regard to listing of cases, common conditional order, preparation of cause lists at belated period, repeated listing of cases even after the date given by the Court, not listing of cases on the fixed date and listing of cases belatedly on the same date etc.

- (v) If all the aforesaid issues are dealt with one by one, it can be seen that listing of cases is no more a problem for any one. Listing of cases has been so scientifically designed that every case according to its seniority/category will get a chance of listing. The system is also made flexible to the extent that if any extraordinary urgency has arisen the same can be taken care of subject to instructions of Hon'ble the Chief Justice. So far as non-listing the cases on the fixed date is concerned, it is submitted that if any instance is pointed out the same will be immediately taken care of, as non-listing of cases on the fixed date is a serious issue and that has to be ensured that if any date is given in a particular case that case must be listed on that date. However, if in a final hearing case fixed date is given, the case is updated under "High Court Expedited" category and will be

25 APR 2014

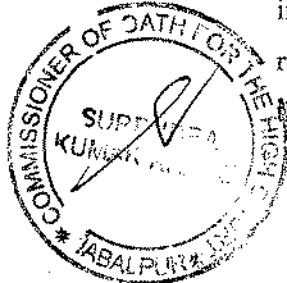

listed as per its turn depending on its seniority in this priority category and therefore may not be listed on that fixed day if older cases are listed/to be listed than this fixed date case.

So far as belated listing of cases is concerned, board is designed in order of preference and there is logic behind the board preparation. So far as scarcity of the space for the advocates and litigants and shortage of drinking water, toilets, canteen and other utilities in the High court premises are concerned it is submitted that if the appropriate representation is received from the respective Bar Association, the same will be dealt with accordingly.

- (vi) So far as the implementation of the scheme without incorporating any amendment in the High Court Rules and Order is concerned, it is submitted that firstly that the petitioner has not specifically pointed out as to which part of the scheme violates which particular rule/order of the High Court Rules and Orders. If the entire scheme is seen, there is no manner of doubt that it contravenes any of the provisions of the High Court Rules and Orders, therefore, it is submitted that there is no necessity to introduce any amendment in the M.P. High Court Rules and Orders. Even the M.P. High Court Rules & Orders also takes care of the settled legal position that the Hon'ble Chief Justice is the master of roster and sufficient powers/discretion have been given to Hon'ble Chief Justice to design the roster and allocate work according to his wisdom.

2. Reply to paragraph No.2

The answering respondents respectfully deny the averments made in this paragraph for the reason that the petitioner has not specifically disclosed how the interests of the employees of the Registry/litigants/general public are adversely affected by implementation of the scheme. On the contrary, the answering respondents, in preceding paragraph, have clearly demonstrated the positive impact of the scheme and positive results of the

implementation of the scheme. Undoubtedly, the scheme in question does not in any manner adversely affects the interests of the Registry officials/litigants/lawyers and general public. It is submitted that earlier interests of the litigant/general public were perhaps not being effectively safeguarded and the access to justice was comparatively difficult on account of non-availability of the transparent and efficient computerization system.

3. Reply to Paragraph 3(i) & 3(ii)

Need no comment.

4. Reply to paragraph 3.3:

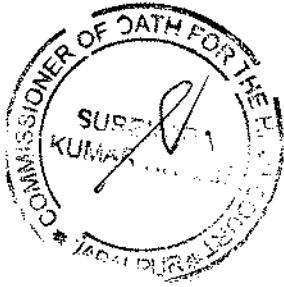

The averments made in this paragraph clearly show that the petitioner himself has realized the benefits of the present scheme and, therefore, he has stated that though the cases are listed immediately within the stipulated time period and various other procedures have become easier than the earlier ones, yet the petitioner has stated that there are several problems arising, which lawyers litigants and even officers and employees of the Registry are finding difficult to cope with while working in accordance with the new scheme. It is submitted that for the reasons, stated in the preceding paragraphs, the other comments made by the petitioner are not tenable as there is no foundation to allege that all the concerned persons have become helpless and totally dependent on the automatic generated computer programme.

In fact in a case like this, the petitioner was required to support his grievances with sufficient details with facts and figures so that every aspect, covered thereby, could be dealt with efficiently. The petition is lacking in spelling out such details and thus is liable for dismissal for want of factual details.

5. Reply to paragraph 3(iii)(a)

Grievance raised in this paragraph has already been dealt with by the answering respondents in preceding paragraphs.

25 APR 2014

6. Reply to paragraph 3(iii)(b)

Endeavours have been made to list the case on a particular date which has been fixed by the Hon'ble Court and any instance of non-listing of a fixed date case will be taken up seriously and it will be ensured that fixed date case are listed on the date given by the Hon'ble Court. When such instances are brought to the notice of concerned officer, the cases will be listed immediately in supplementary list. If the petitioner brings forth some instance of this nature, the appropriate corrective steps would be taken as to how and for what reasons the fixed date cases have not been listed on the date given. So far as listing of such cases on a date prior to the date given by the Court is concerned, this problem also no more survives for the reason given above. Such instances have occurred but this issue has been properly addressed and at present the efforts have been made that no cases should be listed on a prior date than given by the Hon'ble Court.

7. Reply to paragraph 3(iii)(c)

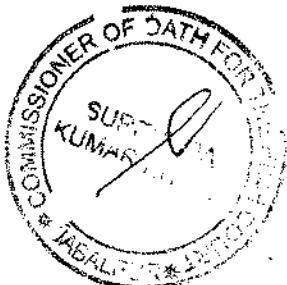

So far as the grievance in this paragraph is concerned that admission cases are listed repeatedly, it is submitted that this issue has also been properly taken care of and at present there are hardly any instances where any admitted cases are listed for motion hearing. However, the admitted case may list in motion if any application for interim direction is filed.

8. Reply to 3(iii)(d) and (e)

The averments made in these paragraphs have already been addressed in the previous paragraphs.

9. Reply to paragraph No.3(iii)(f)-

The averments made in this paragraph has to be seen in the light of the language of common orders. Clause (B) of para (1) of the common order is being reproduced:

"(B) On payment of process fee charges, Office to issue notice to the concerned Respondent(s), returnable on the date notified date mentioned in the order, in addition to Court notice, the Appellant(s)/Applicant(s)/Petitioner shall serve the unserved Respondent(s) by Advocate's notice, either personally or through speed post/e-mail/fax and file affidavit of service within Six Weeks from the date of Order."

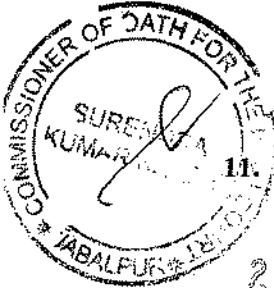

Perusal of Clause (B) clearly shows that in addition to Court notice the appellant(s)/applicant(s)/petitioner, as above, to serve the unserved respondents either by advocate's notice, or personally or through speed post/e-mail/fax. The mode above has been given for service and this is advantageous to everybody and necessary for the speedy disposal of the cases. Various modes of service are now available and one can opt from any of them.

10. Reply to paragraph No.3(iii)(g)-

The averments made in this paragraph have to be dealt with in view of the fact that the admission of case is based on its merits. The pre-admission cases have to be dealt with as early as possible otherwise it will lead to failure of justice. Since the pre-admission cases ratio had become so high, therefore, in the system at present there may be comparatively a large number of pre-admission cases being listed before the Hon'ble Court. The problem is being minimised as all pre admission cases have been assigned a date as on, therefore, the final hearing case which are now being taken up for hearing and even for pre admission cases also there would be no pressure so as to admit the cases instead of adjudicating them *prima facie*. The final hearing has commenced in Indore from February 2014 and in the Principal Seat at Jabalpur from 1st week of March 2014.

11. Reply to paragraph No.3(iii)(h)-

25 APR 2014

Averments made in this paragraph are also required to be considered in view of the fact that the certified copies of the interim orders are also being supplied within reasonable period of time and a statement showing average time taken for preparation of certified copies of Principal Seat and Bench at Indore is being filed herewith as Annexure-R-25. It clearly shows that applications, received for supply of the copies, are being dealt with immediately and apart from the said aspects endeavours are being made to provide on line copies of all interim as well as final hearing orders immediately after the same is scanned in the computer.

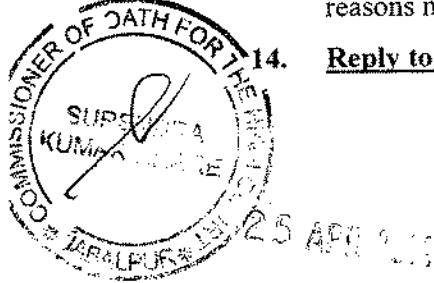

12. Reply to paragraph No.3(iii)(i)-

The averments made in this paragraph are denied. The petitioner has stated that less number of counters are available to accept filing of fresh cases is creating problems to the Advocates as they have to wait for a long time to file even a single petition. It is submitted that present issue raised in this paragraph does not have any relevance with the scheme in question. However, It is submitted that in Indore normally total filing in a day is 156, at Gwalior 114, and the average filing in Principal Seat at Jabalpur normally in a day is 258. In Indore there are total four counters, in Gwalior there are three counters and in Jabalpur there are nine counters to accept the filing. There are no grievance of this nature either from Jabalpur or from Gwalior Bar Association. The grievance of Indore Bar Association in this regard will be dealt with separately.

13. Reply to paragraph No.3(iii)(j)-

The averments made in this paragraph are denied for the reasons mentioned in the preceding paragraphs.

Reply to paragraph No.3(iii)(k)-

The averments made in this paragraph are not specific. However, as the same have already been answered in the preceding paragraphs, the same are denied.

15. Reply to paragraph No.3(iv)(a) to (d)-

Those aspects have nothing to do with the scheme which has been challenged in the instant writ petition, therefore, no averments are being made.

16. Reply to paragraph No.3(v)-

Including the issues raised in the paragraph 3(iv)(a) to (d) the issue, raised in this paragraph, has nothing to do with the scheme. However, if any proper representation is received, the same can be dealt with.

17. Reply to paragraph No.4-

Need no comment.

18. Reply to paragraph No.5-

The averments made in this paragraph are specifically denied and it is submitted that the implementation of the scheme is advantageous to all stakeholders and everybody is being benefited with the said scheme. The said scheme is in the larger public interest, and therefore, no question arises for causing any injury to anyone. The petition has been filed while the scheme is taking its final shape. The results of the implementation of the scheme in second quarter of 2014 are expected to be yielding better results.

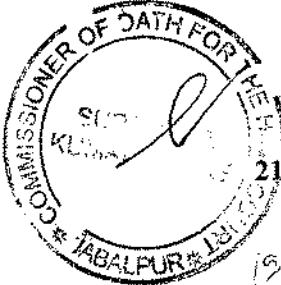

19. Reply to paragraph No.6.

Need no comment.

20. Reply to paragraph No.7.

It is submitted that the writ petition is not maintainable in view of the fact no representation has been made. However, the answering respondents without any technical objection have already commented on the merit of the case.

21. Reply to paragraph No.8.

The averments made in sub para (i) to (vi) of para (8) have no substance for the reasons that the comparative statement of the results of first quarter of 2013 and the first quarter 2014 themselves show that with the same strength of Hon'ble Judges the disposal of the cases has increased. It may also be seen that final hearing of the case has also commenced and the pre admission cases have already been assigned the dates and the last date assigned is 27.7.2014 but the statistical statement is self-speaking relating to success in disposal of cases.

22. Reply to paragraph Nos.9 to 10.

Need no comment.

23. Reply to paragraph Nos.11 and 12

In view of the aforesaid the petitioner is not entitled to any relief or any interim relief. The petition deserves to be dismissed.

24. Reply to paragraph No.13.

Need no comment.

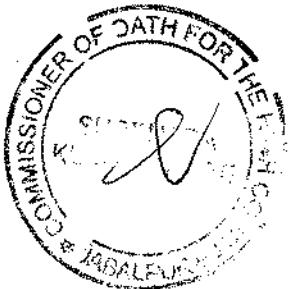

25. An affidavit of Registrar General of the High Court of Madhya Pradesh in support of this response is being filed.

Heard finally.

This is the first bail application filed by the applicant under Section 439 of the Cr.P.C. for grant of bail.

The applicant is in custody since 13.1.2014 in connection with Crime No.5/2014 registered at P.S. Chargawan, District Jabalpur for the offence punishable under sections 380, 457 of the IPC.

Learned counsel for the applicant submits that the applicant has been falsely implicated in this case. He further submits that offences levelled against the applicant are triable by Magistrate. The applicant is in custody and trial would take considerable time to conclude, therefore, he be released on bail.

Learned counsel for State has opposed the application.

On due consideration of the contention raised by the learned counsel for the parties and overall facts and circumstances of the case, I am of the considered view that it is a fit case to release the applicant on bail, therefore, without expressing any view on the merits of the case, the application is allowed and it is directed that the applicant shall be released on bail on his furnishing a personal bond in a sum of Rs. 30,000/- (Rs. Thirty Thousand only) with one surety in the like amount to the satisfaction of the committal Court/trial Court for securing his presence before the said Court on all the dates of hearing fixed in this regard during trial.

Counsel for the State has opposed the bail application and has referred to the suicide note of Abdul Gaffar.

Learned counsel for the objector has also opposed the bail application and has submitted that since the applicant had assaulted the son of deceased therefore, suicide was committed by the deceased.

Having considered the submissions made by counsel for the parties and taking note of the nature of allegation and the fact that the applicant is a lady, I find it to be a fit case for grant of anticipatory bail to the applicant.

Accordingly the bail application is allowed and it is directed that in the event of the applicant's arrest, in connection with Crime No.21/2013, the applicant be released on bail on furnishing a bail bond of Rs.50,000/- (Rupees Fifty thousand) with one surety of the like amount on the condition that the applicant will fully cooperate during investigation and will mark her presence before the SHO/I.A. in the concerned police station on every Saturday between 10 a.m. to 12 noon till the date of filing of challan. 07.04.2014

Shri A. Singh, Advocate for the applicants.
Shri R.K. Shrivastava, Panel Lawyer, for the State.

Case Diary is perused.

Learned counsel for the rival parties are heard.

This is first application under Section 438 Cr.P.C. filed by the applicants. Applicants apprehend their arrest in connection with Crime No.180/2014 registered at Police Station Thathipur, District Gwalior (M.P.) for the offence punishable under Sections 498-A, 323/34 of IPC and under Section 3/4 of the Dowry Prohibition Act.

Learned Panel Lawyer for the State opposed the application and prayed for its rejection by contending that on the basis of the allegations and the material available on record, no case for grant of anticipatory bail is made out.

The applicants are the mother-in-law and the sister-in-law and are alleged to have committed cruelty with the complainant for non-fulfilment of demand of dowry. The injuries reflected from the MLC are simple in nature. The marriage of the complainant was solemnized with the son of the applicant No.1 before three years. The arrest in such matters would diminish the possibility of settlement in future and thus accordingly, without expressing any opinion on merits of the case, I deem it appropriate to allow this application u/S 438 Cr.P.C in the following terms:

1. The applicants will comply with all the terms and conditions of the bond executed by him;
2. The applicants will cooperate in the investigation/trial, as the case may be;

Executive Summary

In this report, the old roster system for case allocation in the Hon'ble High Court of Madhya Pradesh is described. In the old system, a case appears before a Hon'ble Judge after coordination between the Cause Listing Department and Dealing Assistants. Some of the shortcomings of the old roster system of case allocation include unbalanced work flows, over-burdening of a few administrative staff along with an under-utilization of information technology, lack of metrics such as a standard for the time required for filing, verification and listing of cases. In the absence of well-defined metrics, the administrative staff can use their subjective discretion to make arbitrary decisions pertaining to listing of cases. This can lead to delays in some instances, and lead to unhealthy institutionalization of favors accorded by administrative staff to lawyers and petitioners in other instances. In order to address these issues, the aggregate capacities at the filing, writ petition and appeal case stages are determined, along with an analysis of administrative processing time in verification, scanning and movement of cases.

In order to improve the efficiency of the case listing process, Hon'ble High Court of Madhya Pradesh has introduced a rationalized the work design of the dealing assistant, and using information technology, it is necessary to formulate an appropriate escalation matrix so that, in instances where the dealing assistant has doubts, the issues are resolved in a timely manner by bringing the issue to the notice of the command chain above the dealing assistant. The increasing workload of Hon'ble Judges is discussed and measures are proposed to improve transparency and speedy disposal of cases. The average number of cases disposed by each of the three benches of the Hon'ble High Court is discussed, along with an analysis of the pendency of cases. Using operations management techniques, the turnaround time for a case application is assessed. Finally, measures are proposed to improve the accuracy, objectivity, transparency, accountability and empowerment of system, while taking the necessary steps to eliminate corruption from the system.

Roster System Process – A Description

The process of Roster System is described and explained below:

1. Processing of Case Application: In the Roster system, the Case Applications were received and processed through several stages like filing, verification and listing before the Hon'ble High Court. These processes were handled manually by the administrative staff/clerks.
2. Listing Process: The listing process was decided mainly by the Cause Listing Department depending on the pending Case Applications before the Hon'ble Judges; resulting into an allocation roster.
3. Allocation of Cases to Hon'ble Judges: Based on the above, the Hon'ble Judges were allocated separate rosters depicting the number of assigned Cases to them.
4. Category of Case Application: The Case Application type (e.g., Writ Petition, Civil, Criminal etc.) was one of the major considerations to allocate the Case to a particular Hon'ble Judge.
5. Case Status: Hon'ble High Court based on hearing on the listed Cases used to give suitable directives. This resulted in a change in the Case Application status.
6. Role of Dealing Assistants: Accordingly, the files related with the Case Application went in the custody of Dealing Assistants (DA) in the Dealing Department.
7. Case listing before the Hon'ble High Court: Further, the Cases used to get surfaced before the Hon'ble Court only with the co-ordination between with Cause Listing Department and Dealing Assistants.

Roster System - Operational Shortcomings

There were some fundamental operational shortcomings in the Roster System, which are described in the following manner:

1. **Unbalanced Work Flows:** Poor work flows were present in the stages of filing, verification and listing of Case Applications. There was no rationalization with respect to work load (i.e., demand on the system) and staffing capacity at the various process stages. This resulted into a growing mismatch between demand and supply depicting in the number of Case Application pending in the process stages itself.
2. **Over-utilization:** Variability in the process setting also impacted the over-utilization in some of the process stages. Many administrative staff used to complain about being overburdened without being able to avail Holidays.
3. **Reprioritization:** There was reprioritization at every step either by design or by arbitrary choice of the administrative staff. The system was further plagued by ad-hoc-ism.
4. **Cases Application Release:** Few of the Case Applications were purposefully released too late in the system. The clerical staff and dealing staff had a greater say in scheduling/listing of the cases and also Hon'ble Judges were assigned specific category of cases to be dealt by them.
5. **Lack of Scientific Basis:** There were some arbitrary and ad-hoc thumb-rules being used to allocate the Case Applications. For example, 75 cases were listed before each Hon'ble bench and final hearing happened only on Tuesday and Friday of every week. Another example of similar kind was of Motion Hearing Category of Fresh Cases. The Hearing took place only three days in a week, hence there were possibilities of delay in the important and urgent fresh cases.

6. Standard Completion Time: There was no measure of standard completion times in process steps like filing, verification, listing etc. This resulted in poor work – efficiency as there is complete absence of any reference measure.
7. Under-Utilization of Information Technology (IT) Tools: IT applications were not fully adopted or utilized. This resulted in a poor monitoring and control system.

Roster System – Poor Outputs and Results

The operational shortcomings caused some of the problems described below:

1. Many of the Cases were not listed for a long period of time, which delayed the process of ensuring Timely Justice.
2. In Motion Hearing Case Category (Fresh Application), a Company Case pertaining to the year 1972 was pending before the High court of Madhya Pradesh till the end of 2013.
3. There were possibilities of wait and watch game by lawyers for favorable conditions/environment.
4. The listing of the cases was highly dependent on the performance of administrative staff members. There were possibilities of administrative staff members being subjective and also playing to the wishes of other stakeholders including petitioners and lawyers regarding scheduling of cases.

(22)

Rationalized System Process - A Description

The process of Rationalized System is described and explained below:

1. **Filing Stage:** There are 12 filing counters in the system wherein the Petitioner or Lawyers can file the petition before the Hon'ble High Court of Madhya Pradesh. Basic information regarding the Cases is entered in the computer and an acknowledgement slip is provided to the Petitioner or Lawyer immediately containing the date and time of the Case Application Received.

Out of 12 counters, one counter is reserved for Ladies, Disable and Older Persons. It takes 10 – 15 minutes to fill the details of a Case Application.

$$\text{Aggregate Capacity of the Stage} = \frac{12 \text{ Counters} \times 8 \text{ Hours per Day} \times 60 \text{ Minutes per Hour}}{15 \text{ Minutes per Case Application}} \\ = 384 \text{ Case Applications Per Day}$$

2. **Verification Stage:** This stage is the checking stage. 15 administrative staff members are engaged in the process of checking documents, payment of court fee and the relevant lower court orders, if any.

In the case of a Writ Petition, it takes around 15-20 minutes for the administrative staff to check the documents and input the details in the computer whereas in the case of appeal petition, it may take around 30-40 minutes to complete the process of checking and to input the data.

Out of 15 administrative staff members, 13 staff members are allocated for Writ and Other Case Applications. 2 staff members exclusively check Appeal Case Applications.

(22)

a) Aggregate Capacity of the Stage (Writ Petition and Other Case Applications)

$$= \frac{13 \text{ staff members} \times 8 \text{ Hours per Day} \times 60 \text{ Minutes per hour}}{20 \text{ Minutes per Case}} = 312 \text{ Cases}$$

b) Aggregate Capacity of the Stage (Appeal Case Applications)

$$= \frac{2 \text{ staff members} \times 8 \text{ Hours per Day} \times 60 \text{ Minutes per hour}}{40 \text{ Minutes per Case}} = 24 \text{ Cases}$$

When the number of petitioners is more than ten in a case, the time taken for verification increases phenomenally, hence a second team for verification which comprises of experienced administrative staff is also utilized.

3. Listing of Case Applications before the Hon'ble Court: If the documents are in order, the Case Applications are listed on T + 2 (i.e., the third working day) days where T is the date of filing of Case Application. It is T + 4 in the case of bail applications.
4. Discrepancies in the Case Application: If there is a discrepancy in the Case Application, the related papers are transferred to a separate counter. SMS is sent immediately to the Advocate/Litigant about the discrepancy and the information is also displayed on the notice board as well.

Once the discrepancy in documents/payment of court fee is sorted out, the Case Application gets listed on the T + 2 or T + 4 day depending on the nature of the petition.

5. Scanning of Documents: All the documents pertaining to the Case Application are scanned immediately and soft copy of the petition is generated.
6. Movement of the Case Application before the Hon'ble High Court: The Case Application after scanning is sent to the Hon'ble High Court straightaway to appear on T + 2 or T + 5 days.

7. **Role of Dealing Assistant:** Once the Case Application is admitted by the Hon'ble High Court, the Application Papers along with Court Orders are sent to the Dealing Assistants. S/he remains the safe custodian of the file till the judgment is delivered.
8. **Working of Dealing Assistants:** A computer software is designed in such a way that if there is a red color displayed against a Case Application, s/he has to complete the desired action within the same day, orange color indicates updating of records/ action to be completed within a week and green color indicates that everything is ok and no action is desired from the concerned dealing assistant. The output from this process is the generation of pool of case Applications at the Quarterly Level. From the Quarterly Pool, Weekly Pool of Case Applications is generated based on Priority Rules (26 in Numbers).
9. **Escalation Matrix:** If the dealing assistant does not comply with the instruction provided by the software on a given day, an automatic message is sent to the Section Officer (In-Charge of Dealing Department) and then to Deputy Registrar. Still if there is no action, the message is sent to the Registrar and later to the Registrar-General and to the Principal Private Secretary to Hon'ble Chief Justice of High Court.
10. **Case Application Allocation:** The computer software is designed in such a way that cases are allocated randomly to the Hon'ble Bench/Judge in uniform and equal proportion. There are 26 priority rules designed for different types of Case Applications. The allocation also takes care of the representation from each category in the order of priority. The other salient features are as follows:
 - a) The Motion Hearing Category of Case Applications is listed everyday instead of 3 days in a week in the earlier Roster System.
 - b) The list for the whole of the week (Weekly Pool) is prepared on the previous week Friday (One Week in Advance) from the Quarterly Pool and is also displayed on the Hon'ble High Court Website.

224

- c) Supplementary list is generated for the Case Applications where the status on them gets changed only on the previous day due to the directive of the Hon'ble High Court.

(22)

Rationalized System – Output and Results

1. **Transparency:** The new system has brought in complete transparency. The litigant comes to know whether the advocate has filed his petition on time. The default is communicated immediately by SMS once the default is found by the administrative staff. The dealing staff comes to know well in advance about the listing of cases and hence prepares the file to be sent to the High Court/Hon'ble bench well in advance.
2. **Speedy Disposal of Cases:** The Hon'ble High Court of Madhya Pradesh implemented the system based on the principle of 'Justice Delayed is Justice Denied'. The impact of this improved process has been felt within the first 3 months of its implementation in the form of higher disposal rate of Cases.

An Analysis:

- i. The average Case disposal per Judge per month has increased from 281 to 378 in the first quarter of 2014.
- ii. In comparison, the total pending Cases in Jabalpur has been decreased by 4280 cases in the first quarter of 2014 whereas it increased by 821 cases in the first quarter of 2013, the last year.
- iii. In Gwalior, the number of Cases reduced by 163 whereas it increased by 2014 in the first quarter of 2013, the last year.
- iv. In Indore, the number of cases has increased by 667 whereas the number of cases increased by 2630 in the first quarter of 2013, the last year.
- v. The quarterly list and weekly list of pending cases provided to the Judges in advance enables them in speedy disposal of cases. The software is designed in such a way that equal importance is given to fresh as well as old cases.

(22)

3. **Equal Distribution of work:** Due to the new system, the work is distributed equally among the staff members as well as the Judges of the Hon'ble High Court of Madhya Pradesh.

An Analysis:

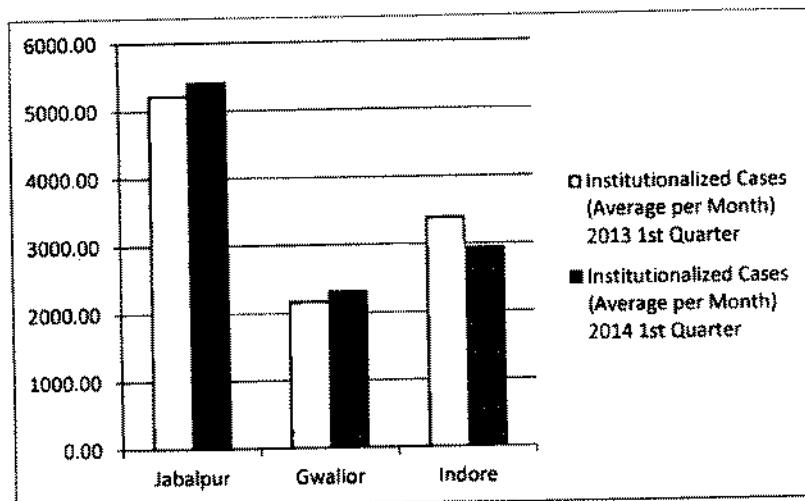

- (i) Earlier, around 75 cases were listed before the Hon'ble Judge/Bench whereas now more than 100 cases are being listed before the Hon'ble Judge/Bench.
 - (ii) Earlier the cases were allotted based on the category of the case whereas now it is logical allocation of cases by the software; hence the work is equally distributed among the staff as well as Judges.
4. **Analysis of Data:** We have tried to analyze the data from the perspective of different factors like incoming load on the system (external demand on the system in terms of number of cases admitted monthly) and Work-in-Process (Pending in terms of Cases which are admitted by the Hon'ble High Court but on which final verdict is still awaited).
- a) The data is gathered for all the three benches of the Hon'ble High Court of Madhya Pradesh at Jabalpur, Gwalior and Indore.
 - b) A comparison is made between the first quarter of previous year (2013) and the current year (2014) on dimensions like Case Applications Admitted (Institutionalized), Cases Disposed (Output Rate) and Pending (Work – in – Process).
 - c) Analysis of Case Application Institutionalized Data: The following data has been analyzed:

Jabalpur	Institutionalized (Case applications admitted)	
	2013	2014
Jan	5348	5985
Feb	4570	5302
Mar	5781	4978
Quarterly Average	5233.00	5421.67

(22)

		Institutionalized (Case applications admitted)	
		2013	2014
Gwalior	Jan	2354	2707
	Feb	2031	2121
	Mar	2160	2159
Quarterly Average		2181.67	2329.00

		Institutionalized (Case applications admitted)	
		2013	2014
Indore	Jan	3834	3095
	Feb	3113	2601
	Mar	3276	3156
Quarterly Average		3407.67	2950.67

Inference: From the above analysis, we can observe that there is an increase in the number of cases admitted except Indore. This has resulted in the increased load on the processes. The operational efficiency aspects will be undermined, if the work is carried out manually, as in case of previous Roster based System. This necessitated the involvement of rationalized system.

(228)

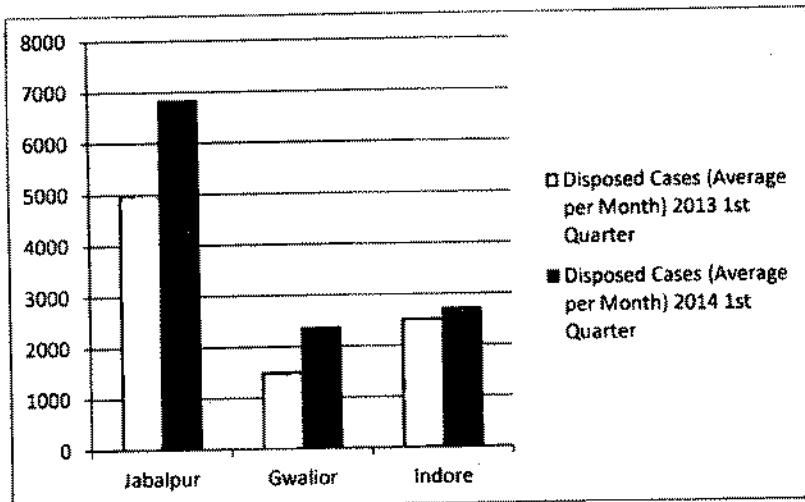

d) Analysis of Case Applications Disposal: The following data has been analyzed:

		Disposal (Cases on which final verdict has been arrived)	
		2013	2014
Jabalpur	Jan	4026	6901
	Feb	6228	6242
	Mar	4624	7402
	Quarterly Average	4959.33	6848.33

		Disposal (Cases on which final verdict has been arrived)	
		2013	2014
Gwalior	Jan	1436	2284
	Feb	1425	2528
	Mar	1670	2338
	Quarterly Average	1510.33	2383.33

		Disposal (Cases on which final verdict has been arrived)	
		2013	2014
Indore	Jan	3055	2943
	Feb	2327	2815
	Mar	2211	2427
	Quarterly Average	2531.00	2728.33

(229)

Inference: From the above analysis, we can observe that there is an increase in the disposal of the admitted cases in all the three benches of Hon'ble High Court of Madhya Pradesh. This validates the impact of utilizing the improved rationalized in processing the case application right from the stage of filing, verification, scanning, strict adherence to time – lines ($T + 2$, $T + 4$) and logical allocation of cases to the Hon'ble Judges.

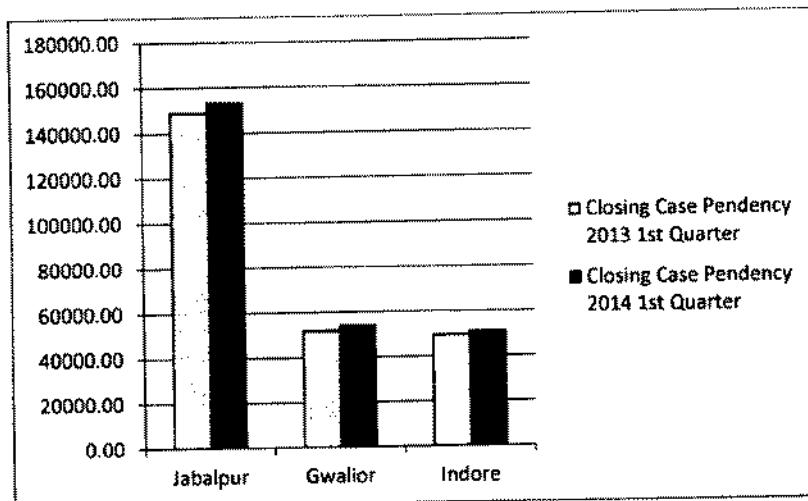

- e) Analysis of Case Pending Data: The following data has been analyzed:

		Closing Case Pending (Case applications which are in process and no final verdict has been arrived)	
		2013	2014
Jabalpur	Jan	150184	155027
	Feb	148526	154087
	Mar	149683	151663
Quarterly Average		149464.33	153592.33

(230)

		Closing Case Pendingy (Case applications which are in process and no final verdict has been arrived)	
		2013	2014
Gwalior	Jan	51768	54966
	Feb	52374	54559
	Mar	52864	54380
Quarterly Average		52335.33	54635.00

		Closing Case Pendingy (Case applications which are in process and no final verdict has been arrived)	
		2013	2014
Indore	Jan	49224	51277
	Feb	50010	51063
	Mar	51075	51792
Quarterly Average		50103.00	51377.33

Inference: From the above analysis, we can observe that there is a marginal increase in the average closing pendingy of case applications across all the three benches of Hon'ble High Court of Madhya Pradesh. This signifies that total work-load on the system has marginally increased if a comparison is made between the previous year

(2013) and current year (2014). The case pendency is the work-in-process which is still lying in the system. This is due to the increase in the admittance of case applications. This again justifies the implementation of a logical and scientific based rationalized system with clear monitoring and control aspects.

- f) Estimation of Turnaround Time (TAT): Some of the significant performance parameters from the Hon'ble High Court's point of view are:

- a) The average waiting time for a Case Application. This is also described as Turnaround Time (TAT).
- b) The average number of Case Applications waiting for the final verdict from the Court.

John D C Little (1961) has given a famous law¹ named after him. It states the following:

"The long-term average number of jobs in a stable system, L is equal to the long-term average effective flow rate, λ , multiplied by the average time a job spends in the system, W; or expressed algebraically: $L = \lambda \times W$."

In order to imply the Little's law in our context, following equivalence of the parameters will hold:

- a) The average number of jobs in the system is same as the average number of case Applications waiting for the final verdict from the Court. This can be taken to be the value of average closing case pendency, already analyzed earlier.

¹ A complete note with explanation can be accessed from <http://web.mit.edu/sgraves/www/papers/Little's%20Law-Published.pdf>. It is also attached as an Appendix with this report.

(232)

The following are the values of average closing case pendency:

	Average Closing Case Pendency (Case applications which are in process and no final verdict has been arrived)	
	2013 1 st Quarter	2014 1 st Quarter
Jabalpur	149464.33	153592.33
Gwalior	52335.33	54635.00
Indore	50103.00	51377.33

- b) The average effective flow rate is same as the average Disposal Rate of Case Applications. This is also analyzed earlier.

Now, we are in position to apply Little's law to estimate the TAT.

Average Closing Pendency

$$\begin{aligned} &= \text{Average Waiting Time for a Case Application} \\ &\times \text{Average Effective Flow Rate} \end{aligned}$$

Average Closing Pendency

$$= \text{TAT} \times \text{Average Disposal Rate of Case Applications}$$

$$\text{Therefore, TAT} = \frac{\text{Average Closing Case Pendency}}{\text{Average Disposal Rate of Case Applications (per Month)}}$$

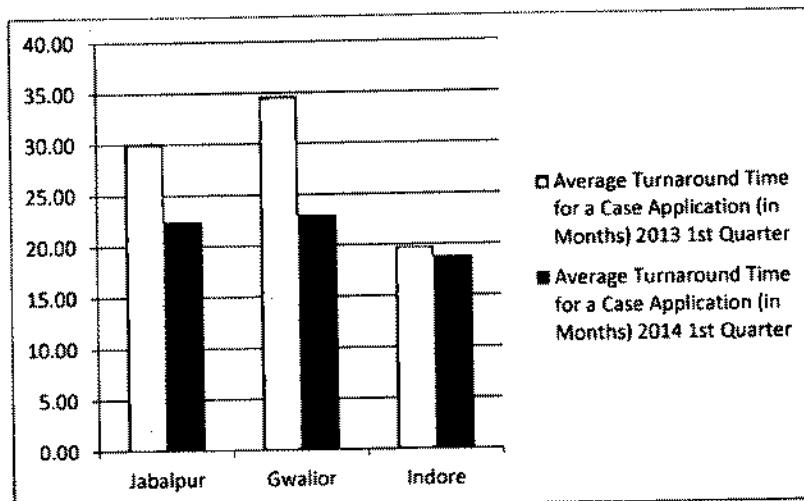

As an illustration, for Hon'ble High Court Jabalpur Bench in the 1st Quarter of 2014, the TAT can be estimated as following:

$$\text{TAT} = \frac{153592.33}{6848.33} = 22.43$$

After, the application of the above mathematical formula, we get the following

TATs:

	Average Turnaround Time for a Case Application (In Months)	
	2013 1 st Quarter	2014 1 st Quarter
Jabalpur	30.14	22.43
Gwalior	34.65	22.92
Indore	19.80	18.83

Inference: From the above analysis, we can observe that there is a significant improvement observed in Hon'ble High Court of Madhya Pradesh in all the three benches. At Jabalpur there is a decrease from 30.14 months on an average on a single Case Application to 22.43 months. For Gwalior the decrease is from 34.65 months to 22.92 months. For Indore bench, there is a decrease from 19.80 months on an average on a single Case Application to 18.83 months.

g) Other Outcomes: Some of the other outcomes realized are listed below :

- i. **Accuracy of Data Capture:** The data capture at filing, verification, case status updation, scanning of documents, uniform allocation are the elements which brings the element of accuracy in the information capturing.
- ii. **Objective System:** The new rationalized system is process driven at every stage rather than people driven. For example, immediately after the filing details of Case Application, automatically it creates the pending work for the verification stage. The staff knows exactly how much work is pending at his desk and with what speed s/he needs to complete the same in the allocated time. The Case Allocation to Hon'ble Judges is objective as it is based on the uniformity and equal load sharing principle. Within different categories of the Case Application, equal proportion of them is taken to form the weekly pool for listing. Due care is being taken to consider the Priorities associated with the Case Applications.
- iii. Implementing IT based tools ensured the elimination of redundant processing tasks and reducing them. Further, the tasks have become automated with limited human intervention; makes better use of Information Technology. In this manner, Valuable time of the Hon'ble High court is saved.
- iv. **Job Rotation:** The system of Job Rotation is also in practice i.e. the staff is assigned the verification roles across simple vs. complex Case Applications. This helps in ensuring Job enlargement and Job enrichment for an Employee. For the system, it creates a pool of cross-trained man-power which helps in bringing the element of flexibility.
- v. **Corruption Free System:** The rationalized system is quite transparent and objective in its implementation. A complete status of the Case

(235)

Applications from filing to verification to listing is scientific and logic based. This ensures the system to get immune to any vested interest.

- vi. **Empowerment:** The rationalized system has empowered the Petitioners and Litigants. Previously, the Petitioners were dependent on their Lawyers to get the status of the Case Application. In the new system, facilities like Auto SMS, Listing based on T + 2 or T + 4 day has brought the actual power in the hands of the most important stakeholder, i.e., the Petitioner. The speedy disposal of cases also brings a lot of happiness to the general public and applicants.
- * vii. **Accountability and Responsibility:** The new rationalized system has brought in responsibility and accountability in the system especially among the administrative staff members. A formal escalation matrix is established. It creates a strong monitoring and control mechanism.

Conclusion

Using operations management techniques, we have analysed the administrative functioning of the Hon'ble Madhya Pradesh High Court with respect to case filing, listing and disposal processed. The workload of the Hon'ble Judges has indeed increased in recent times, and the administrative support that is available, needs to be rationalized in order to meet the demands of the increased workload. It is necessary to utilize information technology more robustly in order to redesign work systems in the interests of objectivity and transparency. Such objectivity is likely to reduce the alienation of stakeholders such as lawyers and petitioners with the case filing and listing administrative machinery. The administrative rationalization of the Hon'ble High Court is likely to lead to more speedy disposal of cases, balanced work flows, and increased satisfaction among all stakeholders.

HIGH COURT OF MADHYA PRADESH, JABALPUR**An overview of the scheme for rationalization of assignment of cases before the Benches of the High Court of Madhya Pradesh**

Introduction:- The number of cases being filed in the High Court of Madhya Pradesh has been consistently on the rise since the last 5 years. In order to meet ever increasing requirements, the number of cases fixed for hearing, streamlining the listing procedure and for better court management, the present scheme has been conceptualized for ensuring effective disposal, transparency, accountability and consistency to make it litigant and lawyer friendly and to subserve the aspirations of the stakeholders.

The principal object of the new scheme of roster/assignment is for strengthening the system and making it responsive and also for enhancing efficiency in docket management for dispensing quality justice to the litigants.

The main features of the scheme may be summed up as under:

REGARDING ADMISSION

1. No admission matter shall remain undated. In that, every admission matter shall bear some date, either given by the Court or auto-generated by the computer.
2. The matters notified on the daily/weekly Board alone would be treated as assigned to the concerned court, not the rest of the pending matters of that category.
3. Distribution of the work load equally amongst the available Judges on day to day basis.
4. The auto-generated programme has been designed to address relative urgency of different types of cases as per court policy.
5. After clearance of cases for motion hearing assigned to the concerned Bench, the cases for final hearing will be taken up ad seriatim by that Bench.

6/12/2002

6. The left over cases or cases which could not be taken up due to non-availability of the concerned Bench on any given date will be assigned auto-generated returnable dates spread out from the following week in suitable lots. - वर्तमान व्यवस्था के अंतर्गत सभी प्री-एडमिशन प्रकरणों (जिनमें कार्यालय आपत्तियों का निराकरण किया जा चुका है) को न्यायालय द्वारा या कम्प्यूटर के द्वारा एक तिथि दी जाएगी । दोषरहित प्रकरण को तीसरे कार्य दिवस पर सुनवाई हेतु नियत किया जायेगा । ऐसी अवस्था में अधिवक्ता / पक्षकार को ऐसी दी गई तिथि स्वीकार्य न होने की अवस्था में ही मेन्शनिंग (Mentioning) की आवश्यकता होगी ।
- अधिवक्ता / पक्षकार न्यायालय द्वारा या कम्प्यूटर में दी गई तिथि की जानकारी उच्च न्यायालय में उपलब्ध कियोस्क (Kiosk) से अथवा उच्च न्यायालय की अधिकृत वेब-साइट से उपरोक्तानुसार पता लगाकर उसका उल्लेख करते हुए मेन्शन मेमो (Mention Memo) रजिस्ट्रार (जे - 11) के कार्यालय में सुबह सामान्यतः 10:30 से 11:30 बजे तक प्रस्तुत कर सकेंगे । यदि नियत तिथि की जानकारी कियोस्क से अथवा उच्च न्यायालय की अधिकृत वेब-साइट से उपलब्ध नहीं होती है तो इस तथ्य का उल्लेख कर मेन्शन मेमो (Mention Memo) प्रस्तुत किया जाएगा ।
- उपरोक्तानुसार प्रस्तुत मेन्शन मेमो (Mention Memo) पर रजिस्ट्रार (जे - 11) आंतरिक नेट सेवा (Intra-net) से प्रकरण की स्थिति (Status) एवं तिथि की जानकारी प्राप्त कर मेन्शन मेमो (Mention Memo) में टीप अंकित करेंगे तथा उसे रजिस्ट्रार 'मेन्शन न्यायालय' के रीडर को सायकाल 04:30 तक उपलब्ध करायेंगे ।

- अधिवक्तागण / पक्षकारगण मेन्शन (Mention) न्यायालय के रीडर से सांयकाल 5:00 से 5:30 के मध्य अपने प्रकरण की तिथि की जानकारी प्राप्त कर सकेंगे तथा ऐसी तिथि स्वीकार्य न होने की दशा में अधिवक्ता / पक्षकार रीडर को उसी समय मेन्शन (Mention) करने के बावजूद सूचित करेंगे तथा ऐसे ही मामलों में माननीय न्यायालय के समक्ष अगले कार्यदिवस में मेन्शन (Mention) करना उचित रहेंगा, ताकि मेन्शन मेमो (Mention Memo) पर सुनवाई हेतु आवश्यक कार्यालयीन कार्यवाही हो सके ।
- यह व्यवस्था सम्बंधित अधिवक्तागण / पक्षकारों के हित एवं कार्यालयीन भार तथा कार्यकुशलता को ध्यान में रखकर तैयार की गई है । इस व्यवस्था से मेन्शन (Mention) संबंधी कार्य का संपादन सहज एवं शीघ्र रूप से हो सकेगा, साथ ही, न्यायालय का बहुमूल्य समय भी कुछ हद तक बचाया जा सकेगा ।
- अतः सभी अधिवक्ताओं / पक्षकारों से अनुरोध है कि उक्त प्रक्रिया का पालन कर आवश्यक सहयोग प्रदान करें ।
